DD. ROOMMATES

1. Respect is the foundation for interchange of ideas, for learning and for working toward common goals. Consequently, ISU is committed to assuring that its programs are free from prohibited discrimination and harassment based upon race, ethnicity, sex, pregnancy, color, religion, national origin, physical or mental disability, age (40 and over), marital status, sexual orientation (including gender identity), status as a U.S. veteran (disabled, Vietnam or other), or any other status protected by University policy or local, state, or federal law. Discrimination and harassment impede the realization of the University's mission of distinction in education, scholarship, and service, and diminish the whole community.
 2. Living in the on-campus is a community living experience where all members have certain rights and responsibilities. Since the members of a residence hall / apartment community are unique individuals with different perceptions and values, the interpretation of these rights and responsibilities can sometimes conflict. When conflict between members of a residence hall community occurs, it is important to address the conflict rather than let it escalate. While resolving conflict is not easy, it can lead to understanding, respect among community members, and help build a positive living environment. In order to encourage resolution of conflict by the individuals involved, the Resident Consideration Policy was established.
- 3. Resident Consideration Policy**
- a. A resident is expected to be the first person to handle the situation when his/her or the community's rights are being violated.
 - b. If, after addressing the inappropriate behavior of another individual, he/she does not attempt to alter his/her behavior then the resident should take steps to visit with his/her CA and work out alternatives
- 4. Accommodating a Roommate**
- a. Residents assigned to rooms, suites and apartments that are not filled to capacity, and who have not been given permission to have their assignment as a Double as Single, Triple as Double or Private Apartment, are required to keep the vacant space ready for a new roommate at all times. A clean, clear and equitable amount of space must be available, including bed, closet, desk, and floor space. In locations with bathrooms and/or kitchens, this includes shelves, cupboards, counters and appliances.
 - b. Residents who do not maintain the vacant space in their room / suite / apartment clean and available and/or who refuse to accept a new roommate when one is assigned will face the following consequences:
 - i. The vacant spaces will be converted to a Double as Single, Triple as Double or Private Apartment retroactive to the start of the contract or the date the vacancy occurred, whichever came first. The remaining resident(s) will be responsible for paying the additional fees associated with that assignment status. This status will remain effective until such time that the resident finds their own roommate.

- ii. The DOR, based upon occupancy levels, may opt to terminate the contract of the resident, in which case the resident will be responsible for all applicable penalties according to the date of termination.
- 5. **New Roommate Notification** – When a new resident has selected or is assigned to a partially-occupied room/apartment, when possible, the DOR will make best efforts to notify current residents of this new roommate in advance of their arrival. Notification is done via your ISU email account.
- 6. **Vacant Space** – Residents with vacant space should expect to have new roommate(s) and should check their ISU e-mail and A+ for new roommate information (if available). Residents may not use space they have not contracted for and must ensure that equitable common area space is available for all roommates.

 - a. Solicitation shall be defined as any commercial, profit-making, campaigning, or fund-raising activity. You may not use your room/apartment, campus telephone number, or campus mailbox for any commercial reason. Student organizations wishing to solicit in the halls or apartment communities must be registered with and have the prior approval of the Student Activities Office and the DOR Residence Life Office.
- 4. Due to the large amount of information disseminated by various groups to students living in the halls, guidelines have been established for the use of student and house mailboxes. Individuals or groups wishing to use these mailboxes must follow the procedures and guidelines outlined by the DOR. These guidelines are available at the hall desks and on the DOR's Web site.
- 5. Special interest activities, such as political or religious activities, or recruitment for organizations, which involve petitioning, canvassing, registration, campaigning, and/or other similar activities, shall be permitted only upon authorization from the Student Activities Office and the Residence Life Office and only in non-student room/apartment areas of the halls and apartment communities. When conducting such activities, individual(s) or group(s) may not impede traffic through the area or approach students in dining service lines. Individual(s) or group(s) will not be permitted to campaign door-to-door, nor will they be permitted to use the residence hall mailboxes for campaign literature (unless individually addressed). Through registration with the appropriate offices, the sponsoring organization agrees to abide by the established procedures of the building or neighborhood. Members should have a copy of the approval form with them at all times. Organization members not adhering to the guidelines will be asked to leave the area immediately. If a house extends an invitation to a candidate, or any other individual, that person may visit the house to which he or she was invited and no other house.

If a wireless router is tracked to your IP address, you will be contacted and asked to disable your wireless radio. If you already own a wireless router and prefer to keep your router for Ethernet networking, disable your wireless radio. Consult the manufacturer of your router for directions.
 - b. In Frederiksen and SUV, wireless routers are permitted.
- 3. **Suspension of Service** - Failure to comply with requests to lower usage or disable a wireless radio will result in suspension of your access to Residential Networks. You will be charged a \$50 reconnect fee to reestablish access.

- 4. You may possess knives, designed for cooking purposes, which have blades exceeding five inches.

JJ. WINDOWS, WINDOW SCREENS AND LEDGES

- 1. Screens must be left on windows, and there must be a screen covering all open windows. Windows must be closed when you leave during breaks.
- 2. You may not lean or reach out of windows where screens are not in place. For safety reasons, you are prohibited from, standing, sitting on, or otherwise utilizing ledges.  8. **Alcohol Assessment/Screening:** Residents found responsible for possession and/or consumption of alcoholic beverages, including behavior that is a result of alcohol consumption, will receive sanctions (above) through the judicial system and will be referred to the Student Counseling Center or the Thielen Student Health Center for alcohol assessment and/or screening. The student will be charged a fee for the assessment and/or screening.
- B.** If you receive a disciplinary sanction of removal from on-campus housing, you must leave within the time frame stated in the judicial sanction letter following formal acceptance of that decision by the DOR. If you appeal the decision, you may be reassigned to another living space on campus, pending the outcome of the appeal. Your original space will not be reassigned until the completion of the appeal process.
- C.** Under special circumstances, in order to provide for the safety and well-being of students and/or others, an administrative emergency removal and restriction from University owned residence hall and on-campus apartment facilities may be implemented as an interim step before a judicial hearing takes place. This removal will remain in effect until the case has been adjudicated. In a case such as this, referral will be made to the Office of Judicial Affairs. The Office of Judicial Affairs will adjudicate the case in a timely manner. You may contact the Office of Judicial Affairs if you have questions about the process. The following violations are considered significant violations of community standards and would normally result in a student's suspension for University residence halls and apartments.
