Section V. CONTRACT CANCELLATION

H. Contract Assumption ~ **FREDERIKSEN COURT AND SUV ONLY**

1. Residents who wish to cancel their contract and remain enrolled may avoid cancellation penalties by finding a non-contracted, eligible student to assume their contracts. The following conditions apply.
 - a. The resident must notify the DOR, **PRIOR TO CANCELATION**, of his/her intention to find someone to assume the contract.
 - i. Once the resident cancels the contract, he/she forfeits the assumption option and will be responsible for any cancellation penalties assessed.
 - b. If the resident has not identified an eligible student to assume the contract, he/she may create a flyer (template available on-line) and submit it to the DOR office. DOR staff post the flyer and refer interested, eligible students to the flyer; however the DOR assumes no responsibility for finding someone to assume the contract.
 - i. Prior to move-in, the resident will have until the first day of class to find an eligible student to assume the contract. At that point, the resident must either check in to the assigned space or cancel his/her contract and be charged the cancellation penalty.
 - c. The resident canceling the contract will be released from the contract once the assuming resident submits a contract and checks-in. At that time the new resident becomes responsible for all of the contract terms.
2. In Frederiksen Court, the resident assuming the contract must be the same gender as the remaining residents of the apartment.
3. In SUV shared apartments, the resident assuming the contract must be the same gender as the remaining resident of the apartment, unless the remaining resident agrees, in writing, to accept a roommate of the opposite gender.

Current Contract Holder – The student who has the contract now, but no longer wants it.
